About

I'm a Front-End Web Developer who has spent the last two years building great things. I specialize in React.

Education

2018
- **Responsive Web Design Certification** - freeCodeCamp.com
- **Javascript Algorithms and Data Structures Certification** - freeCodeCamp.com
- **Front End Libraries Certification** - freeCodeCamp.com

2011 University of Illinois at Chicago
       B.A. in Spanish Language and Literature – Cum Laude, College Honors

Professional Experience

Freelance Web Developer   Remote from Romeoville, IL 06/2018 - current
Front End Web Developer
I build Web Apps based on design docs and wireframes I have written. I collaborate with designers to create beautiful and quick responsive web content. I specialize in React Single Page Apps.

Romeoville High School   Romeoville, IL 08/2016 - 06/2018
Teacher of Heritage Spanish II, III and IV
I planned and implemented both short and long term changes to curriculum and assessments in order to improve Spanish language skills in students of various levels of native Spanish. I increased the number of students taking the AP Spanish Exam from 4 to 25 in just on year, of which 100% scored 3/5 or better, earning them college credits.

Berlitz Language Center   Ciudad del Carmen, Campeche, Mexico 07/2015 - 07/2016
Language Instruction Supervisor
I managed a team of up to 16 instructors from four countries. I conducted interviews, made hiring decisions and trained new instructors in the most effective language instruction techniques and administrative processes. I interpreted Industrial Safety certification courses in real time from Spanish to English.

Villa Educativa   Mexico City, Mexico 08/2012 - 07/2015
Coordinator of Oral Workshop

I managed a team of three teachers. I gave daily classes with students ranging from ages 7-15.
I organized cultural enrichment events and extracurricular activities.
